CHOEM SIVPING

CHEMICAL ENGINEERING STUDENT

PROFILE

Fifth-year Chemical Engineering student with a solid understanding of process design and thermodynamics, and experience in laboratory work, data analysis, and safety procedures. A collaborative problem-solver with strong communication skills, eager to apply chemical engineering knowledge to practical challenges in the energy and chemical industries and contribute to sustainable, intelligent product design.

EXPERIENCE

Achievements & Extracurricular Activities 2026

- Startup Competition Winner — Dynamic Entrepreneur Spark Season 2, organized by NICC and Wonders International.
- Researcher Intern — Assessed major inorganic ions in aquaculture farming using ion chromatography for water quality evaluation.
- Volunteer — 15th Scientific Day, Institute of Technology of Cambodia, and 1st Cambodia Society for Environmental Science and Engineer Conference 2026.

Inter-Matrid Beverage(Cambodia) Co., LTD 2025

Student Intern

- Conducted physicochemical tests on beer to maintain quality standards.

Institute of Technology of Cambodia 2024–Present

Laboratory Student

- Performed experiments in analytical chemistry, heat and mass transfer, fluid mechanics, physical chemistry, and other core chemical engineering courses.
- Gained hands-on experience with equipment including distillation columns, heat exchangers, and pH meters.

Smart Tutoring Service 2024

Secretary

- Used software tools for class scheduling, attendance tracking, and data entry.
- Communicated with students, parents, and staff; scheduled classes, coordinated sessions, and managed instructors' calendars.
- Handled inquiries by phone, email, and in person with professionalism and clarity.

Private Tutoring 2023–2024

Elementary Grade Tutor

- Cultivated patience and resilience in teaching while upholding strong moral principles as a role model.
- Built meaningful, trusting relationships with children.
- Promoted a positive and inclusive learning environment.

EDUCATION

Institute of Technology of Cambodia 2022–Present

Bachelor of Engineering in Chemical Engineering

Cheasim Santhormuk Highschool 2017–2022

Khmer High School Diploma · Grade B on National Exam

Appletree International School 2013–2018

Achieved Level B2 in English
